Description

Over-the-top luxury and timeless elegance define this extraordinary custom-built estate offering nearly 9,000 square feet of refined living to include 8 bedrooms, 6 full bathrooms and 3 half baths. Some of the finest deep-water, direct Gulf access in all of Southwest Florida. With 150 feet of intersecting canal frontage, the property features a newer dock designed to accommodate a 100’+ mega yacht, a lift for a 35’ vessel, and ample room for additional watercraft and toys. From the moment you arrive, the dramatic entry and sweeping grand spiral staircase create a truly unforgettable first impression. The main level is designed for both grand entertaining and everyday comfort, featuring a formal dining room, an expansive family room with a stunning full bar, and a chef’s kitchen outfitted with Sub-Zero and Wolf appliances, including a gas range, oversized island, double wine chillers, RO system under the sink, and a whole-house water softener. A luxurious guest primary suite and additional en-suite bedrooms complete the first floor. An elevator or the elegant staircase leads to the second level, showcasing an impressive entertainment lounge, a private executive office with a hidden, climate-controlled wine room, a glass-enclosed fitness center overlooking the intersecting canals, and an expansive primary retreat with its own laundry. Multiple additional guest suites—including an ideal in-law configuration—are also located on this level. Notably, the home features four hidden doors and secret rooms, adding a rare and intriguing

architectural element throughout. The third level offers a second office or flex space that opens to an enormous balcony with breathtaking panoramic views. Outdoors, the residence truly becomes a private resort with a spectacular pool featuring a water slide and waterfall, complemented by a fully equipped outdoor kitchen with a Fire Magic Echelon grill, side burner, abundant storage, and prep space—perfect for entertaining waterfront guests. Additional highlights include an oversized three-car garage with ceiling height and layout suitable for vehicle lifts to accommodate up to six cars, five zoned HVAC systems for optimal climate control, and a dedicated cooling system for the wine room. The home received a new roof and dock repairs following Hurricane Ian and experienced no flooding. This remarkable estate is a rare offering—an entertainer’s dream and one of the most impressive waterfront homes available in Southwest Florida.
