Description

This exquisite 2020 custom-built residence in the heart of Coquina Sands offers 3,730 square feet of thoughtfully designed living space, blending modern elegance with timeless comfort. In one of Naples desired central locations, this home is just a few blocks from the beach, minutes to the new Four Seasons Resort, and moments from fine dining and shops of 5th Avenue South. The home features four spacious en-suite bedrooms plus a den, all centered around an open-concept floor plan that welcomes abundant natural light and effortless flow. Soaring 12-foot ceilings elevate every living space, from the family room to the formal sitting area, separated by a stunning glass-enclosed, temperature-controlled 80-bottle wine cellar. An entertainer’s kitchen offers a double gas range, dual ovens and a hidden butler’s kitchen for seamless hosting. Custom millwork, built-ins and walk-in closets enhance the home’s refined design, while the primary suite serves as a serene retreat with dual vanities and a large walk-in shower. The outdoor living space is equally impressive, featuring a covered lanai with gas grill and sink, a cozy fireplace and a luxurious custom spa. With desired southern exposure, the backyard enjoys sunlight all day, creating a private oasis in the heart of Naples.
