New construction and has not been inhabited yet. This house has it all: 4 spacious bedrooms with a large closet. The master bedroom is amazing. It has a beautiful bathroom with two vanities, a large shower, and a nice tub so you can relax after a long day at work. The entire house has ceramic floors. There's a huge island in the kitchen that can accommodate 7 people. Impact windows, impact doors, and a two-car garage. This beautiful house has a very spacious covered patio, which you could close off and arrange for another space in the house.
