Description

Here is a direct access waterfront 2bed 2bath manufactured home. It's huge at 1376 sqft. built in 1979 comes turnkey furnished. Extra large master suite which encompasses the complete width of the home. Large kitchen & dining area and a fullwidth Florida room at the canal end of the home. The insideof the home has never had floodwater intrusion into it. Flood damage to the property has been completed including new A/C unit along with all ductwork ,new washer & dryer and carport replacement where needed. The washer & dryer are located in your ground level workshop. There is also another storage shed for your boating needs. The seawall has been reinforced. The boat & trl under the carport is also available so just bring your overnight bag and enjoy our little piece of paradise.
