Description

Fresh finishes and an open layout welcome you to this brand-new Bay Creek coach home at Webb’s Reserve. The upstairs setting offers added privacy with no residence above, while the kitchen, dining, and gathering spaces flow comfortably together. A generous island provides a natural place to gather, and the gas range and walk-in pantry add everyday practicality. Impact-resistant windows and sliding glass doors provide peace of mind, with the sliders opening to a spacious screened lanai overlooking the pond. Accessible from both the main living area and primary suite, it’s an inviting extension of the home for coffee, conversation, or a quiet evening outside. The primary suite offers two walk-in closets, while the separate guest bedrooms provide comfortable space for visitors or working from home. Set within the golf course community of Webb’s Reserve, this home offers a social lifestyle with pickleball, tennis, bocce, community pools, and dining, complemented by Babcock Ranch’s trails, parks, shopping, and community events.
