Description

Welcome to Pirates Cove! Imagine sipping a margarita on your pool deck while enjoying breathtaking views of Lake Kennedy and spectacular Florida sunsets! With beautiful waterfront views but no lake access, you can enjoy the scenery without paying a premium for boating access. This well-maintained 3-bedroom, 2-bath pool home is ideally located in central Cape Coral, close to shopping, schools, and the bridge to Fort Myers. Even better, it's **NOT in a flood zone**, features city water and sewer, and has **NO city assessments!** The open floor plan welcomes you with a spacious living and dining area, where your eyes are immediately drawn through the home to the sparkling pool and beautiful lake views. The bright and cheerful eat-in kitchen features abundant windows, white cabinetry, granite countertops, and stainless steel appliances. The stove and microwave are brand new, and a sliding glass door provides easy access to the pool area—perfect for enjoying your morning coffee with a view! The oversized primary suite offers a private bathroom with a large walk-in shower and convenient access to the lanai. Two additional generously sized bedrooms and a guest bathroom with a tub/shower combination provide plenty of room for family and guests. Step outside to your private pool oasis! The solar-heated pool and screen enclosure were installed in 2019, and the pool can be configured for either saltwater or chlorine. You'll also appreciate the hurricane protection throughout the home, including impact windows and shutters, plus electric hurricane screens for the

lanai. Situated on an oversized corner lot, the property also features a large side-entry two-car garage with a new garage door opener. Light, neutral colors and an abundance of natural light make this home feel bright, open, and welcoming throughout. **Great views, a beautiful pool, an excellent central location, and no flood zone or city assessments!** This is Florida living at its best. Don't miss your opportunity to see this one!
