Description

Light, warmth, and thoughtful upgrades come together in this furnished 4 bedroom, 3 bath pool home in Bonita National, built in 2020 and refined by its owners at every turn. A screened front entry with an impact glass front door opens to wood ceilings and tile floors that carry through 2,247 square feet of living space, with plantation shutters throughout. The family room is anchored by a custom built-out wall with a fireplace, mantel, and TV mount, and dimmable recessed lighting in the kitchen, family room, dining room, and entry hall lets you set the mood for any evening. The kitchen offers upgraded cabinetry and newer appliances, and the pantry is fitted with custom wood shelving like every closet in the home. A private study with wood floors makes working from home easy. Step outside to a lanai with a wood ceiling and new lighting, where a saltwater pool and spa overlook peaceful preserve views. The pool has a new pump motor and salt system as of October 2026, and a summer kitchen makes it easy to cook and entertain without stepping back inside. Redesigned gardens frame the home, and gutters on the side of the house drain to the sidewalk to keep the yard tidy after summer rains. This home comes with a social membership to Bonita National Golf and Country Club, giving you access to the clubhouse, dining, resort-style pool, fitness center, and tennis and pickleball courts without the commitment of a full golf membership. Set within a gated community east of I-75, Bonita National places you minutes from shopping, dining, and the Gulf beaches of Bonita Springs, with easy

access to both Naples and Fort Myers.
