Description

One or more photo(s) has been virtually staged, AI generated or rendered. Tropical living with room to breathe! This 3-bedroom, 2-bath pool home sits on a lush, generous lot framed by mature palms and shade trees. Inside, the vaulted living room features exposed wood beams and easy-care tile. The beamed ceiling carries into the kitchen, which has warm maple shaker-style cabinetry, a full suite of stainless steel appliances, a classic tile backsplash, and room for a casual dining table. French doors open from the kitchen to a screened patio with a woven reed ceiling, ceiling fan, and string lights, an inviting spot for morning coffee or evening gatherings overlooking the pool. The light-filled Florida room is wrapped in windows and has warm wood-look floors, French doors, and direct access to the pool deck, so it works as a den, home office, or game room. The primary bedroom opens into the Florida room for a private, suite-like retreat. Every bedroom has a ceiling fan. Out back, the sparkling pool is surrounded by an expansive lawn with plenty of space to garden, play, or entertain. Owned solar panels help keep energy costs in check. Other highlights include a metal roof, an attached garage, a wide driveway with extra parking, and a charming front porch. Bring your flip-flops and make this slice of Florida paradise your own.
