Description

A private waterfront patio. Expansive Venetian Bay views. Just four residences in the building. This renovated three-bedroom, first-floor corner home at Harborside Gardens brings together a distinctive combination of waterfront living, privacy, and beachside convenience. Natural light fills the open living and dining areas, where impact-resistant windows frame the bay and its ever-changing scenery. The updated kitchen features quartz countertops, white cabinetry, and a wine refrigerator, while two remodeled bathrooms complement the home’s timeless finishes. The spacious primary suite offers peaceful water views and generous storage. The private bayfront patio is the defining feature—a place for morning coffee, dinner outdoors, and unhurried evenings watching boats pass. Here, the waterfront becomes part of your everyday living space. Within Harborside Gardens, landscaped grounds surround a heated pool, club room, and boat pavilion, with boat docks available for lease. Beach access is just across Gulf Shore Boulevard, and Venetian Village’s waterfront restaurants and boutiques are minutes away. An intimate waterfront setting with the best of Naples close at hand.
