Description

Set on the second floor with a screened lanai facing the lake and its fountain, this Jonathan's Bay residence is made for slow mornings and relaxed evenings. Western exposure brings sunset views over the water, and volume ceilings carry natural light through an open great room where living and dining flow together. The kitchen pairs granite counters and stainless appliances with a breakfast bar and a sunny nook, so there is always a place to linger over coffee. A split layout gives the master bedroom its own retreat, with a walk-in closet and a bath finished with dual vessel sinks, custom cabinetry and a walk-in shower. Three additional bedrooms leave room for family, guests or a home office, and a two-car attached garage handles the rest. Inside the gate, residents enjoy a clubhouse, pool, spa and fitness room set among lakes and tropical landscaping, all within easy reach of Gulf beaches, Coconut Point and RSW. A rare combination of space, water views and easy Florida living.
