Year built	**1994**

Description

A rare opportunity to lease a highly sought-after 65-foot boat slip at Southpointe Yacht Club at Windstar Marina. Slip #8 is available immediately for an annual lease, offering quick, direct Gulf access with deep water and no bridges. Marina amenities include 50- and 30-amp shore power at the slip, fresh water, restrooms, pump-out service, ice, and a full-time harbormaster on site. Convenient parking beside the slips makes loading and unloading easy, with carts available to transport your gear. The entire marina was reconstructed following Hurricane Ian, featuring composite decking and new pilings. An ideal home base for making the most of life on the water.
