This fully furnished top-floor condo comes with bundled golf and is ready the day you arrive. Vaulted ceilings and an open floor plan make the home feel bright and spacious. You'll find engineered hardwood in the living areas and bedrooms, and ceramic tile in the entry, kitchen, and baths. The kitchen has stainless-steel appliances and a pantry. The former breakfast nook is now a dedicated office, a great spot for working from home or a favorite hobby. The primary suite has its own bath with dual sinks, a vanity, and a walk-in shower. The guest bath has a tub/shower combo, and the washer and dryer are included. Step out to the private lanai for golf course views and Southwest Florida sunsets. It's protected by electric hurricane shutters, and the bedrooms have manual shutters. Other features include a screened entry, a large storage area, and a new water heater (2023). Lexington Country Club is known for its active, welcoming community. Bundled golf comes with the home, and residents also enjoy tennis, bocce, walking and biking paths, a clubhouse restaurant, a pro shop, and 24-hour gated security. You're minutes from the beaches and just 1.2 miles from HealthPark Medical Center and Golisano Children's Hospital.
