Description

The one and only expansive lake-view Palmetto floor plan currently available in Tucker’s Cove at Babcock Ranch. Skip the construction timeline and start enjoying coffee overlooking the lake today at 15206 Jadestone Drive, a private pool and spa, and over $50,000 in upgrades come together in a beautifully finished 2024-built home. This upgraded Palmetto floor plan offers 2,449 square feet with 3 bedrooms + Den, 3 full baths, and a 3-car garage. Continuous porcelain tile throughout means no carpet, while hurricane-impact windows and a hurricane-impact sliding glass door add storm protection. Redesigned by an owner who loves to cook and entertain, the kitchen goes well beyond the builder’s standard finishes. An extended island with upgraded countertops provides generous space for preparation and gathering, complemented by a KitchenAid appliance suite with a Wi-Fi smart oven, a 20,000-BTU professional dual-ring gas cooktop, and an exterior-vented 600-CFM Zephyr range hood. Outside, the extended lanai makes the most of the waterfront setting. Enjoy a gas-heated saltwater pool and spa overlooking the lake, with Pentair IntelliCenter automation that lets you manage pool and spa functions directly from your phone. From morning coffee by the water to an evening swim with the most stunning sunsets, this is a backyard you can enjoy from day one. Additional upgrades include custom California Closets systems in the primary closets, including the walk-in pantry, and ultra-quiet Minka-Aire DC-motor ceiling fans. Beyond your own backyard, Tucker’s

Cove’s newly opened waterpark-inspired amenities bring vacation-style recreation close to home, with a winding lazy river, water slides, and dining at Shipwreck Tavern. Residents also enjoy Luau Beach, resort-style pools, splash pads, sports courts, a fitness center, a dog park, and community events. The home is finished. The upgrades are in place. The lake is right outside. Schedule your private showing and experience 15206 Jadestone Drive for yourself.
