Description

There's something special about coming home to 3.41 acres of your own. This property offers the rare combination of a comfortable home and limitless land potential. Inside, you'll find 3 bedrooms, 2 bathrooms, and a 1 car garage, all centered around a beautifully updated kitchen with granite countertops, custom wood cabinets, and stainless steel appliances. A classic wood burning fireplace adds warmth and character for cozy nights in, while the rest of the home offers the kind of easy, comfortable living that feels like home from the moment you walk in. Beyond the home, the land truly sets this property apart. It can be divided into two separate parcels, a 2.27 acre lot and an untouched 1.14 acre parcel bursting with potential, with a survey already available for your convenience. Two separate wells and a brand new water system are already in place, giving you a head start no matter your plans. For those who love to tinker, garden, or simply need extra space, a spacious 22 ft by 28 ft (616 sqft) detached workshop/garage with an attached carport rounds out the property, perfect for hobbies, projects, or extra storage. There's also plenty of room outdoors for landscaping, gardening, or simply enjoying the quiet surroundings. Whether you're searching for a forever home or a property full of opportunity, this one checks every box.
