Description

Welcome to your beautiful new home secluded on a quiet lake it has the calming feel of being "up north at the cabin" with the tall pine trees and privacy while maintaining a 20-30 minute drive to downtown Fort Myers, Fishermans Warf in Punta Gorda, Punta Gorda Airport and so many other places easily accessible with the nearby highway 41. This house has a beautiful wood countertop breakfast bar, newer quartz countertops in the kitchen, a huge bay window overlooking the lake, newer tile and vinyl plank flooring, the roof is just two years old and the well was sent to an impressive 185' just a couple of years ago. Outback lakeside is your fenced in retreat, and nice large shed for storage and fishing tackle. My favorite perk about the house is that it's on a secluded road with little worry about traffic interrupting your walk, kids playing or anything of the sort. What's your favorite part?
