Description

Virtually Staged. Welcome to Deep Creek! This well-maintained 3-bedroom, 2-bath home offers 1,970 square feet of living space, a flexible floor plan, and true Florida lifestyle living. The huge covered and screened lanai features an outdoor kitchen and plenty of room for dining and entertaining. Step through the double front entry doors into a spacious floor plan. The kitchen offers abundant cabinet space, granite countertops, a double sink, and stainless steel appliances. Just off the kitchen, a bonus living area can serve as a dining room, second living room, home office, etc. The updated laundry room is another great feature, with built-in cabinets, a sink, and extra counter space for folding. Each bedroom has a walk-in closet! Peace of mind upgrades: 2023 roof with two layers of ice and water shield, spray foam insulation, a generator-ready hookup, and some impact-rated windows. Additional impact windows and screens are included in the garage for the new owner to add. The interior was recently painted, and the guest bedroom has new LVP flooring. Not in a flood zone! Never Flooded. Make this Florida home yours!
