Description

A rare find in Bridgetown! Situated on one of the largest homesites in the neighborhood with gorgeous lake views, this Pulte-built home features a seldom-available floor plan with four bedrooms, three full bathrooms, and a three-car garage. Beautiful landscaping and mature trees surround the home, with a charming covered front entry that sets the tone for what awaits inside. From the moment you enter, vaulted ceilings, large doorways, and an expansive kitchen, family room, and dining area create an inviting setting perfect for entertaining. Tile flooring throughout enhances the home’s seamless flow. The spacious eat-in kitchen offers two islands, abundant counter space, and a large, deep sink, while a separate dining room provides additional space for hosting guests. The primary suite includes an en suite bathroom and closet, while three additional guest bedrooms offer comfortable accommodations with a welcome sense of privacy. Large sliding glass doors frame views of the custom heated pool, changing colored pool lights, and beautiful lake beyond. Complete with a pool cover, the pool offers an inviting place to relax and enjoy this exceptional setting. For added peace of mind, the home features bifold storm shutters and Storm Smart shades on the lanai. Additional conveniences include ceiling-mounted storage in the three-car garage and a new washer and dryer installed in October 2026. Bridgetown residents enjoy a beautifully landscaped, gated community with resort-style amenities, including two pools, tennis, pickleball, bocce, a state-of-the-art fitness center, and a

children’s play area. Outdoor barbecue and fire pit areas offer welcoming spaces to gather with neighbors and friends, while nearby shopping, dining, and everyday conveniences complete the Bridgetown lifestyle.
