Description

One or more photo(s) has been virtually staged, AI generated or rendered. Welcome to 650 Randy Lane, a completely reimagined bayfront residence where exceptional boating, sophisticated design and effortless Florida living come together. Tucked at the end of a quiet cul-de-sac in a premier neighborhood, this naturally elevated home captures expansive bay views while offering the convenience of substantial ground-level living. The home underwent an extensive gut renovation including a new roof and pool, plumbing, HVAC, electrical panel and wiring, insulation, drywall, flooring, cabinetry, countertops, trim, paint, windows, doors and fixtures—creating a residence that feels practically brand new. Filled with natural light, the open interior is framed by water views and pocket sliding doors connecting indoor and outdoor living. A formal living room and separate family room with fireplace offer plenty of space to gather. The chef’s kitchen features two islands and a premium Monogram appliance suite with induction cooking, multiple ovens and extensive custom cabinetry. A bar with pass-through window to the outdoor entertaining area includes an under-counter ice maker and wine refrigerator, while a second full bar offers another ice maker and beverage center. The four-bedroom layout includes two bedrooms on the main level and two upstairs, each with its own en-suite full bath, plus a powder room and dedicated pool bath. Additional features include Lutron lighting, Sonos speakers and soundbars, an alarm system, and a curated designer lighting package

featuring brass, rattan, shell and woven abaca-rope details. Outside, a new pool and spa overlook the bay alongside an outdoor kitchen and generous entertaining areas. The spacious front porch offers another inviting place to enjoy the evening sun. Boaters will appreciate two covered boat lifts with a captain’s walk, exceptional waterfrontage and effortless bay access. A two-car garage plus separate golf-cart garage completes the package. 650 Randy Lane offers the rare combination of a nearly new luxury interior, naturally elevated ground-level convenience, outstanding boating infrastructure and resort-style bayfront living in one of Fort Myers Beach’s most desirable residential settings.
