Description

Island living feels easy at 721 Cardium Street, a relaxed three-bedroom home tucked into Sanibel's sought-after East End, close to the beach and surrounded by the lush tropical landscape that makes this part of the island so special. Currently enjoyed as a vacation rental and being sold furnished, this home offers plenty of space to settle in, spread out, and start enjoying the Sanibel lifestyle. Inside, warm wood floors and crisp coastal finishes create a casual, welcoming feel. The kitchen and adjoining living and dining areas have plenty of personality, with white cabinetry, black countertops, and white plank walls and ceilings adding to the home's beach-house character. French doors and abundant windows bring in natural light and frame the surrounding palms and greenery. The three-bedroom layout offers great separation and privacy. Two guest bedrooms are located just off the kitchen, while the primary suite is tucked away on the opposite side of the home. An additional den and multiple living areas provide flexible space for relaxing, working, gathering with family, or giving everyone their own corner of the house. Outside is where the island lifestyle really takes over. A large screened pool and spacious paver deck create your own private tropical retreat, with plenty of room for swimming, lounging, grilling, and unwinding after a day at the beach. A balcony, covered front porch, and garage add even more space and convenience. Whether heading out for a morning walk to the beach, spending the afternoon poolside, or gathering at home after a day exploring Sanibel, 721
