Description

THIS is the kind of property you don’t come across every day! Nearly 3 acres of high, beautiful land just minutes from LaBelle, framed by 15+ magnificent American oak trees—some believed to be 200–300 years old. The result is a breathtaking, naturally shaded setting with the privacy and character that takes generations to create. A large, cleared and level homesite is already positioned among the oaks, giving you the perfect opportunity to design a custom home while preserving what makes this property so special. Imagine a pool beneath the trees, expansive outdoor living spaces, gardens, or your own private retreat. An established driveway, private well with pump and pressure tank, plus mature avocado and plum trees are already in place. Underground electric and city water are available in the area. Surrounded by beautiful custom and estate homes and located approximately 2–3 miles from town, this is your opportunity to enjoy acreage living without sacrificing convenience. Bring your plans—the setting is already here.
