Description

The Portofino is Villagio’s largest floor plan, and this furnished 3-bedroom plus den, 2-bath residence offers 1,828 square feet under air, with the generous living space, oversized bedrooms, and storage that make it so desirable. Freshly painted in 2026 and free of carpeting, the home features soaring volume ceilings, an attached one-car garage, and a separate laundry room equipped with a premium Samsung washer and dryer. The spacious kitchen offers wood cabinetry, granite countertops, and a premium Samsung refrigerator and range. The primary suite features a large walk-in closet and an en-suite bath with a Roman soaking tub and separate glass-enclosed shower, while the guest bedrooms offer exceptional size and closet space. Hurricane-impact sliders lead to an expansive tiled, screened lanai overlooking a peaceful, private setting. Located just steps from one of Villagio’s resort-style pools and a short walk to the Town Center, this residence combines one of the community’s most spacious layouts with an excellent location. The $580 monthly condo fee includes water, an Xfinity cable package, high-speed internet, building insurance, exterior maintenance, and reserves for future community projects. Villagio is a 24-hour man-gated community featuring multiple swimming pools, a hot tub, fitness center, tennis and pickleball courts, a private movie theater, and a Town Center café, all in the heart of Estero near Coconut Point, FGCU, RSW, and I-75.
