Description

Picture your mornings here: coffee on the covered wraparound deck, a Gulf breeze drifting in, and the beach just a short walk from your front door. Afternoons are for the pool. Evenings are for watching the sky turn pink over the island. This is that home. Set on an oversized corner lot on the south end of Fort Myers Beach, this elevated 3 bedroom, 2 bath home gives you 1,620 square feet of bright, easy living. Vaulted ceilings and sliding glass doors fill the open living and dining area with light, and the kitchen keeps everyone together with granite counters, stainless appliances and a breakfast bar. Step down to your own private screened retreat: a heated pool and hot tub, shaded lounging right under the home, and a Gulf view from the balcony. A private elevator carries you, your groceries and your beach gear from the garage to the main level, with no stairs to climb. The oversized 2 car garage has room for your cars, a boat or a workshop, and the ground level has its own entrance. The big things are already done: the A/C and water heater were replaced in 2025. The home comes furnished, there are no HOA fees, and pets need no approval. Lovers Key State Park is just across Big Carlos Pass. Season is almost here, so come see it in person.
