Description

Nestled within Pine Ridge Estates, this exceptional Naples residence has been completely reimagined with extraordinary attention to architecture, craftsmanship and design. Thoughtfully expanded and comprehensively renovated, the property offers exceptional indoor-outdoor living and an impressive collection of newly created spaces. Just off the foyer, the living room is defined by graceful curved walls and a custom curved herringbone wood floor inlay that follows the architecture of the room. Expansive sliders create a beautiful connection to the pool and grounds. The redesigned kitchen features quartz countertops, professional-grade appliances, generous entertaining areas and an effortless connection to the surrounding living spaces. A thoughtfully designed new addition expanded the residence with a spacious family room directly off the kitchen and a private VIP suite, both featuring 11-foot tray ceilings. The family room offers herringbone wood flooring and extensive glass overlooking the pool and landscaped grounds. The VIP suite continues the home’s refined design with herringbone flooring and a beautifully appointed private bath. The primary suite is a serene and sophisticated retreat, featuring a spacious bedroom with a dramatic vaulted ceiling, dedicated workout room and convenient access to the pool and spa. The luxurious spa-like bath offers large-format surfaces, dual vanities, a freestanding soaking tub, oversized glass-enclosed shower and beautifully designed custom closet. The property has been completely transformed with all-new

landscaping, a custom pool and stone hardscape, and a beautifully appointed outdoor kitchen featuring a 42-inch Alfresco grill, a custom hood, True refrigeration, porcelain slab countertops and backsplash. An extraordinary addition to the property is the completely new eight-car garage with an additional dedicated golf cart garage space, providing exceptional capacity for an automobile collection, recreational equipment and storage. The completely renovated, self-contained two-bedroom guest house offers its own living room, kitchen, custom bar, laundry room and full bath. Dramatically veined porcelain slab countertops and backsplashes, custom cabinetry, illuminated floating shelving and a floor-to-ceiling custom wood feature wall with an integrated barn door elevate the interiors. A front porch and spacious rear screened-in porch provide additional private outdoor living. All of this is set within Pine Ridge Estates, known for its generous properties, privacy and distinctive residential character while remaining convenient to Naples Gulf beaches, premier shopping and dining. A rare opportunity to enjoy a thoughtfully expanded and comprehensively redesigned Naples estate with exceptional guest accommodations, remarkable garage capacity and beautifully conceived indoor-outdoor living.
