Description

Claim a rare piece of Fort Myers waterfront at 354 Morse Plaza, where direct Gulf access and a peaceful near-cul-de-sac position create an exceptional setting for a custom home. This vacant residential lot is among only a few homesites still available on Morse Plaza. The location delivers an appealing balance of seclusion and connectivity. Set almost at the cul-de-sac, the property benefits from a tucked-away neighborhood atmosphere with less passing traffic. At the same time, nearby Interstate 75 provides convenient access to shopping, dining, services, and destinations throughout the greater Fort Myers area. Bring your plans, explore the possibilities, and secure one of Morse Plaza’s limited remaining lots. Here, direct Gulf access, neighborhood tranquility, and regional convenience come together in an opportunity that is increasingly difficult to find.
