Description

Welcome to the Isaga Model, a brand-new construction rental offering over 2,000 square feet of modern luxury living in Cape Coral. From the paver driveway and clean contemporary facade to the high-gloss porcelain tile floors that run throughout the entire home, every detail of this property was built to impress. The open-concept great room flows seamlessly into a chef-worthy kitchen featuring flat-panel high-gloss white cabinetry, quartz countertops, a bold black fluted island with waterfall edge, Edison-style pendant lighting, and stainless steel appliances. Large sliding glass doors connect the living space directly to the covered lanai, which is already equipped with stainless outdoor kitchen access doors and a ceiling fan, perfect for year-round entertaining. The master suite offers a spa-like bath with a floating double vanity, frameless glass enclosed shower with large-format gray tile, linear floor drain, and matte black fixtures throughout. All secondary bedrooms are generously sized with ample natural light and share the same elevated finish level carried throughout the home. Additional highlights include a dedicated laundry room with Samsung washer and dryer included, a utility sink with quartz countertop, a 2-car garage, and impact-resistant windows and doors. This is a rare opportunity to lease a truly move-in ready, never-lived-in home. Schedule your showing today before it is gone.
