Description

As you arrive, the sense of privacy and quiet sophistication is immediate. On the second floor, this home captures serene western golf course views, where golden afternoon light and evening sunsets become part of everyday living. The experience continues effortlessly, with a private elevator delivering you directly into the home. Inside, the residence opens with intention. Ten-foot sliding glass doors frame the landscape beyond, filling the great room with natural light and creating a natural connection to the lanai. Tray ceilings, crown molding and thoughtfully selected lighting add architectural depth while preserving a relaxed, livable atmosphere. The kitchen anchors daily life and gatherings alike. Granite countertops, stone backsplash, pantry storage and a suite of quality appliances, including a gas cooktop, support casual evenings and entertaining with ease. The open layout allows conversation to flow naturally from kitchen to living space, always grounded by the view beyond. The primary suite offers a peaceful retreat. Opening directly to the lanai, it provides a quiet beginning and end to each day. A custom walk-in closet and spa-inspired bath with dual vanities, a soaking tub and a frameless glass shower complete the space. A flexible den adapts easily for guests, work or moments of quiet retreat. Outdoors, the balcony is finished with wood-look plank tile, creating a durable and low-maintenance extension of the living space. An in-residence elevator, a two-car garage with epoxy flooring and refined architectural details throughout reflect thoughtful design

focused on long-term comfort. Beyond the home, ownership includes access to the Club at Mediterra where you can have it all! Enjoy a private beach club along the Gulf, where toes-in-the-sand sunsets are part of everyday life. Valet parking, reserved lounge seating, expansive beachfront, indoor and alfresco dining, a full bar, pool, lockers and dressing areas elevate the coastal experience. Members can enjoy 36 holes of Tom Fazio-designed golf, Har-Tru tennis courts, pickleball, bocce and a forthcoming Sports and Lifestyle Center designed to further enhance wellness and connection. This is a home where design, privacy and resort-style living come together naturally, supporting a lifestyle shaped by ease, beauty and connection.
