Exterior	**Concrete**
Interior	**Tile**

Description

One or more photo(s) has been virtually staged, AI generated or rendered. Residence 506, Tower 500 — Kalea Bay | New Construction | Closing November 2026 One of only 20 of Kalea Bay's coveted residences across the entire community of 600 residences, Residence 506 in Tower 500 with 4 bedrooms and 4.5 baths is among the rarest opportunities the development has ever offered. The moment the elevator doors open, you're greeted with the wow factor of never-ending windows, a first impression that sets the tone for the more than 4,300 square feet that follow. This home lives like a private estate in the sky, with 10' ceilings, wood floors flowing throughout and over $37,000 in owner upgrades woven seamlessly into the finishes. Pocketing sliding glass doors disappear into the wall, extending the living space onto the lanai, while a dramatic west wall of floor-to-ceiling windows floods the home with natural light and frames views that stretch endlessly across the Gulf. The kitchen is outfitted for a true culinary enthusiast, anchored by a Sub-Zero® Designer Series integrated 36" panel-ready refrigerator and 24" panel-ready freezer, a Wolf® 48" six-burner natural gas rangetop with infrared griddle, and Wolf® dual wall ovens with convection and speed settings, all finished beneath a cabinet-style hood. A Bosch® cabinet-paneled dishwasher completes the look, while a large butler's pantry with its own additional sink offers space to prep and entertain out of sight. Comfort throughout the residence is managed by a 3-zone air conditioning system, allowing each

living area to be tailored independently. The owner's suite is a private sanctuary framed by floor-to-ceiling, wall-to-wall windows showcasing uninterrupted views of the Gulf. Dual vanities, an oversized walk-in closet, and a luxurious soaking tub complete the retreat, along with a midnight bar featuring an under-counter beverage fridge, perfect for winding down while watching the sun set over the water. The junior suite offers a generous 20' x 20' of living space overlooking the Gulf, large enough to accommodate two king beds. Two additional en-suite bedrooms, each with its own private bath, round out the residence: one is easily converted into the perfect den or private office, while the other is similarly scaled to comfortably accommodate a king bed. Beyond the residence, Kalea Bay delivers the sophistication of a luxury resort without ever leaving home: more than 100,000 square feet of amenities including a state-of-the-art wellness center, three pools (including an adult-only pool), two restaurants, two outdoor bars, a salon, a kids' play room, the Bark Yard, four tennis courts, eight pickleball courts, and guest suites.
