Description

WELCOME TO YOUR OWN PRIVATE 5-ACRE WORKING RANCH! This fully fenced and gated property offers an impressive combination of residential living, equestrian facilities and ranch functionality. The main residence features 3 bedrooms, 2 bathrooms and screened porches, providing comfortable country living surrounded by wide-open space. Designed for a true working ranch, the property includes two horse barns, wash rack, multiple paddocks and pastures, multiple chicken coops, a pond and separate living quarters for ranch hands. A 1-bedroom, 1-bath guest suite provides additional accommodations for guests, extended family or other flexible uses. At the heart of the property is an impressive 40’ x 40’ tiki, creating a fantastic covered space for entertaining, gatherings or simply relaxing after a day on the ranch. The extensive fencing, gated entrance and established ranch improvements make this property ready for horses, livestock and country living from day one. Located outside of a designated flood zone, this unique 5-acre property delivers the space, privacy and infrastructure that are increasingly hard to find. Whether you’re looking for an established working ranch, equestrian property, multi-generational setup or your own private country retreat, this property is ready to work, live and play!
