Description

Brand new 2026 construction on 1.14 acres in Golden Gate Estates, west of Wilson Blvd and minutes to Golden Gate Blvd and Collier Blvd. Three bedrooms, three full baths, a separate den and a private pool, all behind impact glass. A 13 foot foyer opens into a great room with 10 foot volume ceilings and tile flooring throughout. The island kitchen has a walk in pantry and a breakfast bar open to the dining and living space. The split plan puts the primary suite on its own wing with dual sinks and a large walk in shower. The den works as a home office or media room, and the laundry room is inside the residence with a utility sink. Outside, a below ground concrete pool with paver deck sits off the covered lanai, and the outdoor kitchen area is already roughed in with a grill hood and water line. The two car garage has a 16 foot impact door and 200 amp service. The 75 by 660 lot is oversized, horses are permitted, and there is room for a shop, an RV or a boat. Built with 8 inch concrete block, a shingle roof, impact resistant windows and doors, a private well and a new septic system, all permitted and inspected in 2026. No HOA and no association fees, on a paved county maintained road with an eastern rear exposure. Acreage, a brand new home and a pool at a price the 2.5 acre new builds cannot reach. Schedule your private showing.
