Year built	**1988**

Description

Currently the only DEEDED boat slip available in Venetian Bay NORTH Yacht Club. This 35 x 16 foot slip is one of the widest beam slips in the marina and can accomodate a boat with up to a 14.5' beam with flexibility on the length. The 16,000# lift comes with two aluminum WALK BOARDS, aluminum STAIRS, an aluminum FOLD-DOWN PLATFORM and dock box. With no dock opposite #B-18, it is one of the easiest slips to access in and out of. Available parking is just steps away from the gated dock entrance. The slip is conveniently located within walking distance to Venetian Village where you will find great dining and relaxing options after a day out on the water.
