Tucked away on 2.27 private acres in the heart of Naples, 6061 Golden Oaks Lane feels more like a hidden retreat than a typical Naples residence. Whimsical, eclectic and wonderfully one of a kind, this character-filled property is surrounded by mature trees and lush greenery, creating a sense of privacy and escape that is increasingly difficult to find so close to everything Naples has to offer. And with NO HOA, there’s even more freedom to enjoy the property your way. A long private driveway winds through the trees and sets the home well back from the road. Inside, you'll find 2,000+ square feet with 3 bedrooms, a den, 2 baths and a private pool, along with an eclectic mix of spaces and details that give the home its own distinctive personality. A wood-burning fireplace adds an unexpected touch of warmth and character rarely found in Southwest Florida homes. At the center of it all is the large, updated kitchen—the true heart of this home. Generous in size and designed for gathering, it's a natural place to entertain friends, host holiday dinners or bring everyone together for a casual evening at home. A walk-in pantry provides plenty of additional storage and functionality. More than simply another room, the kitchen serves as the home's central gathering place and anchors its warm, welcoming personality. Outside is where this property truly comes into its own. The expansive homesite offers room to breathe, garden, create and simply enjoy the natural

surroundings. A large detached outbuilding adds even more possibilities as an art studio, creative space, home office, workshop, hobby room or additional storage. This isn't a cookie-cutter Florida home—and it isn't trying to be. It's a casual, whimsical getaway tucked among the trees, where privacy, personality and acreage take center stage. Spend the day enjoying Naples' beaches, dining, shopping and downtown, then follow your private drive home and feel the world fall away. SELLERS OFFERING BUYER CREDIT IN THE AMOUNT OF $40,000 TOWARDS FUTURE RENOVATIONS.
