Description

Built in 2025 and offering over 1,800 square feet of beautifully designed living space, this stunning NEW CONSTRUCTION home delivers the perfect combination of modern style, privacy, and room to live the way you want. Situated on approximately half an acre and fully fenced, the property offers exceptional space for vehicles, trailers, recreational equipment, four-wheelers, dirt bikes, and more. The half-acre, fully fenced lot offers the room many buyers need to keep trucks, trailers, equipment, and personal property together in one secure location—right at home. Step inside and the HOME becomes the main event. Beautiful tile flows throughout, complemented by modern finishes and warm light-wood accents that create a clean, elevated aesthetic. The open layout feels bright, spacious, and thoughtfully designed for everyday living and entertaining. A generous den offers incredible flexibility as a home office, playroom, media room, gaming space, or additional lounge. The primary suite feels like a private sanctuary, featuring a spa-inspired ensuite with a soaking tub, walk-in shower, modern finishes, and a relaxing atmosphere designed for unwinding at the end of the day. Additional features include a two-car garage with epoxy-finished flooring, a dedicated laundry room with built-in cabinetry and utility sink, and a covered lanai perfect for relaxing evenings and enjoying Florida sunsets. With the home already beautifully finished, all that’s left is to make the expansive backyard your own—add a pool, outdoor kitchen, entertainment area, workshop, or design the

ultimate private outdoor retreat.
