Description

Welcome home to a beautifully renovated 4-bedroom, 2-bath residence offering 1,843 square feet of comfortable living space in a highly convenient West Lehigh Acres location. From the moment you step inside, the fresh finishes and thoughtful updates make this home feel truly move-in ready. Enjoy brand-new tile flooring throughout, a remodeled kitchen perfect for everyday living and entertaining, plus major improvements already completed for you including a new roof and new central A/C system, both replaced in 2025. Even laundry day is more comfortable with the indoor, air-conditioned laundry area, so there are no hot afternoons spent doing laundry in the garage. With four spacious bedrooms, there’s plenty of room to create the lifestyle that works for you whether that means additional bedrooms, a home office, guest space, or a playroom. Step outside to the fully fenced backyard with desirable northern rear exposure, offering a private space for children, pets, weekend gatherings, or simply relaxing at the end of the day. And then there’s the location! Situated on the west side of Lehigh Acres, this home provides convenient access toward Fort Myers, making shopping, dining, entertainment, employment centers, and everything Southwest Florida has to offer easier to reach. With 1,843 square feet, four bedrooms, a renovated interior, newer major systems, a fenced backyard, and a location that keeps you connected, this is the kind of home where the big projects are already done all that’s left is to move in, make it yours, and start enjoying it.
