Description

Move right in and enjoy the Naples season in this beautifully upgraded, single-story lakefront home with a private pool. This popular Tribeca floor plan is the only one currently available in Stonecreek and offers three bedrooms, a den, two-and-a-half baths, and an inviting open kitchen and great room. The spacious primary suite feels like a private retreat, with tranquil lake views, two custom walk-in closets, and a spa-inspired ensuite bath. Thoughtful upgrades throughout include rich engineered wood flooring, crown molding, custom built-ins, pull-out kitchen cabinetry, and a whole-home water filtration system. Step outside to a screened lanai, heated pool, and outdoor kitchen with built-in grill, all set against peaceful lake views. Natural gas pool heating helps extend the swimming season, while motorized storm screens add protection to the covered lanai. A whole-house natural gas generator offers added convenience during power outages. Meticulously maintained landscaping and decorative stone beds enhance the home’s curb appeal with low-maintenance care. Stonecreek residents enjoy an impressive array of resort-style amenities, including resort and lap pools, a spa, clubhouse, fitness center, five Har-Tru tennis courts, four pickleball courts, a children’s splash pool with slide, indoor sports court, billiards room, and an active social calendar. Convenient to Naples beaches, golf, shopping, dining, entertainment, and I-75, this home pairs an exceptional community lifestyle with a desirable location. It is also in an X flood zone and has no CDD.
