Description

Perched on the 16th floor in Tower 300 at Kalea Bay, this meticulously customized 4-bedroom, 4.5-bath residence sets a new standard for waterfront living in Southwest Florida. Western exposure means Gulf and sunset views are a nightly ritual — not a bonus. Hardwood floors run throughout the open floorplan, framed by custom millwork and designer finishes that wow you the minute you enter. The kitchen is built for people who actually cook: a natural gas Wolf cooktop, Sub-Zero appliances, and a quartz-topped island anchor the space, while the walk-in Butler's Pantry — complete with custom cabinetry, beverage drawers, a second dishwasher, and a prep sink — handles everything the main kitchen shouldn't have to. The living area centers on a custom built-in with electric fireplace and subtle backlit lighting along with a custom bar. The living area opens through a full wall of sliding glass doors onto more than 600 square feet of outdoor living. Glass railings keep the Gulf and sunset views uninterrupted from the lanai — an unbroken sightline all the way to the water. Three guest ensuite bedrooms sit at the rear of the residence, each overlooking the manicured golf course and The Club at Kalea Bay. The Owner’s suite is a retreat in its own right, framed by a stunning wall of Gulf views that carry the same sunset drama into your everyday routine. The spa-inspired bath features dual vanities, a large walk-in shower, and a soaking tub, complemented by a gorgeous custom walk-in closet built for serious storage. Upstairs, Tower 300's private skydeck delivers a

rooftop pool, BBQ area, lounge, and open-air fitness space. Downstairs, The Club at Kalea Bay rounds it out with a state-of-the-art wellness center, on-site restaurants, tennis and pickleball courts, guest cottages, and three resort pools. This is more than a residence — it's Southwest Florida living, fully realized. In your five star resort.
