Description

Affordable, Cozy, move-in-ready home with an incredible yard, great 1st home, investor property, or step-up from renting, in Lehigh Acres. This charming 3-bedroom, 1-bathroom house offers 1,076 square feet of comfortable living space on a great quarter-acre lot—and best of all, there is no HOA! New roof in 2024, newer AC. While the inside is clean and easy to maintain with tile and laminate flooring throughout, the real showstopper is the backyard. The owners have completely transformed it into a private, resort-style retreat. Walk down the stone paver path and you'll find a beautiful wooden deck featuring your own private hot tub, perfectly shaded by a modern pergola and canopy. Right next to it is a beautifully landscaped, stone-rimmed mulch patio shaded by mature trees, making it the perfect spot for weekend barbecues, outdoor dining, and relaxing around the grill. The massive yard also includes a large detached shed for extra storage and a perimeter fence for peace of mind. Complete with an attached carport, plenty of driveway parking, and central AC, this home is perfect for a first-time buyer or anyone looking for a turnkey property with amazing outdoor living space. Come take a look before it's gone!
