Description

Premium End-Unit Townhome with Preserve & Lake Views Don't miss this beautifully maintained 3-bedroom, 2.5-bath end-unit townhome offering 1,442 square feet of thoughtfully designed living space. Positioned on one of the most desirable lots in the community, this home features additional side yard space, a longer driveway than many neighboring units, an open front porch view closest to the guest parking spaces and dog walking station, peaceful preserve and lake views for added privacy and a true Florida lifestyle. Inside, you'll find upgraded tile flooring throughout the entire first floor, a spacious open-concept living area, and a French door refrigerator in the kitchen. The pantry has been enhanced with custom shelving to maximize organization and storage. A standout feature is the hurricane-impact windows, which were included only in the final phases of construction and are not found in most other townhomes within the neighborhood. These impact-rated windows provide enhanced storm protection, improved energy efficiency, and eliminate the need for installing hurricane shutters, making storm preparation significantly easier. All three bedrooms are located upstairs, creating a functional separation between the living and sleeping areas. Whether you're looking for a primary residence, seasonal home, or investment property, this move-in-ready end unit offers premium upgrades, added privacy, and exceptional value.
