Description

Commanding open bay views across Venetian Bay and offering over 100 feet of water frontage, this waterfront residence enjoys a desirable bayfront setting and includes a new roof and whole-home generator. Thoughtfully designed to maximize its waterfront location, the home features copious amounts of glass along the rear of the property, filling the interiors with natural light while capturing water views from nearly every room. Open the sliding glass doors and allow the living spaces to flow effortlessly into an expansive outdoor living area featuring both covered and open-air gathering spaces, as well as multiple settings for dining, entertaining, or simply unwinding along the water. The residence offers four bedrooms plus a den, five full bathrooms, including a pool bath, a dedicated home office, and a three-car garage. At the heart of the home, the open-concept kitchen is enhanced by a walk-in pantry, wine cellar, and adjacent dining area, creating a layout that is equally suited for everyday living and hosting family and friends. Located in the heart of Park Shore, the property is just moments from beach access, Waterside Shops, and a variety of dining destinations, placing many of Naples' most desirable amenities within easy reach.
