Description

Beyond the private gates of this exceptional estate lies a resort-inspired sanctuary on 2.5 meticulously manicured and fully fenced acres. Offering 3,257 square feet under air, this 3-bedroom-plus-den home with 2.5 baths blends timeless elegance and thoughtful functionality in a private, tranquil setting perfect for both grand entertaining and everyday living. Inside, refined craftsmanship shines through custom architectural ceilings, rich millwork, and natural stone accents. The open floor plan flows seamlessly between formal and casual spaces, anchored by a chef’s kitchen featuring a large center island that opens to inviting gathering areas with a cozy gas fireplace and sweeping views of the lush grounds. The owner’s retreat is truly spa-like, complete with a lavish dressing room and a luxurious bath boasting dual vanities, a deep soaking tub, and an oversized walk-in shower. Two generously sized guest bedrooms share a well-appointed bath, while a convenient pool bath serves outdoor living areas. Step outside to your private resort oasis: a heated saltwater pool and spa are surrounded by tropical landscaping, expansive entertaining spaces, a fully equipped outdoor kitchen, a fire pit for starry evenings, and a fenced play area with artificial turf. A dedicated green space offers room for pets, recreation, or relaxation. Additional highlights include an impressive concrete-and-metal-roof outbuilding with climate-controlled areas ideal for a lounge, gym, yoga studio, creative workspace, or executive office. An attached oversized garage and workshop provide

ample room for multiple vehicles, tools, and projects. The property also features two additional sheds and a private shooting range—perfect for hobbyists and collectors. Recent updates enhance peace of mind and convenience: new roof and gutters (2022), smart home system, autofill pool, replaced outdoor grill & hood, 1,250-gallon total propane tanks, hurricane screens, arena fence, 24kW Generac generator, exterior repainted, updated HVAC, 50-bird chicken coop, mini-splits in the rear garage, added asphalt around the arena, 2024 washer and dryer, and a MistAway mosquito system around the pool and lanai, just to name a few! This rare combination of luxury, acreage living, and versatile outdoor spaces in a beautifully private setting is truly one of a kind.
