Description

Tucked beneath mature trees in gated Bucks Run Preserve, 7804 Bucks Run Drive offers privacy, move-in-ready comfort, and exceptional North Naples value. This beautifully maintained 3-bedroom-plus-den, 2-bath home features 2,006 square feet of single-story living, an attached 2-car garage, tropical landscaping, and a peaceful setting within an intimate, low-density community. The open split-bedroom floor plan is enhanced by high ceilings, crown molding, arched openings, updated lighting and fans, tile flooring in the main traffic areas, and warm laminate flooring in the living room. A versatile den with glass-paneled French doors is ideal for a home office, media room, or hobby space. The kitchen opens seamlessly to the living and dining areas and features rich wood cabinetry, quartz countertops, a glass-tile backsplash, stainless-steel appliances, a walk-in pantry, and a spacious breakfast bar. The primary suite offers abundant natural light, a tray ceiling, and a well-appointed bath with an extended dual vanity, private water closet, soaking tub and oversized walk-in shower. Two additional bedrooms and a guest bathroom are privately positioned on the opposite side of the home. Outdoor living is equally appealing. The expansive covered and screened lanai features brick pavers, recessed lighting, and a ceiling fan, creating an inviting setting for morning coffee, alfresco dining, or relaxed evenings at home. Beyond the lanai, the shaded backyard is framed by mature trees and privacy hedging, with ample space to design a custom pool and spa. Ideally

positioned in North Naples, Bucks Run Preserve combines gated privacy with convenient access to shopping, dining, schools, healthcare, golf, Paradise Coast Sports Complex, Mercato, Vanderbilt Beach, and downtown Naples. For buyers seeking a comfortable, move-in-ready Naples home without sacrificing space, privacy, or location, this exceptional property delivers the complete package.
