Description

Welcome to refined Florida living — a brand new construction estate set on a sprawling half-acre lot in one of Lehigh Acres' most peaceful neighborhoods. From the moment you step through the foyer, soaring 13-ft coffered ceilings and an open, light-filled great room set the tone for understated luxury. Designer tile flows seamlessly throughout the entire home — no carpet anywhere — accentuating the home's clean lines and elegant proportions. This thoughtfully designed 4-bedroom, 3-bath split floor plan delivers 1,913 sq ft of beautifully appointed living space. The chef-inspired kitchen anchors the heart of the home, complete with a generous walk-in pantry and seamless flow into the formal dining room. The owner's retreat is a private sanctuary, featuring a coffered ceiling, dual walk-in closets, and a spa-style master bath with a luxurious recessed shower. Three additional bedrooms, two full baths, and a dedicated pool bath occupy the opposite wing — ideal for family, guests, or future pool-side entertaining. Step outside through expansive 8-ft sliding glass doors to a covered lanai featuring a fully equipped built-in outdoor kitchen — the ultimate setting for sunset dinners, weekend cookouts, and entertaining year-round in true Florida style. Whether you're grilling for a crowd or enjoying a quiet evening under the covered lanai, this outdoor living space is designed to impress. The entire half-acre lot is fully fenced, offering an added level of privacy and creating a truly expansive, usable outdoor space. With plenty of room to add a pool, garden, workshop, or detached garage, the

possibilities for this oversized homesite are exceptional. Built to today’s most demanding standards: solid concrete block construction, 160-mph wind-rated engineering, impact-rated windows, full 1-ft elevation above FEMA base flood, 200-amp electrical service with whole-home surge protection, and a fully insulated 2-car garage. Designer finishes, elevated ceilings, and elegant architectural details throughout — a home that feels every bit as luxurious as it is built to last. A rare opportunity to own brand new construction on a generous, fully fenced half-acre lot in a quiet, established setting. Move-in ready and waiting for its first owner. Virtually staged photos are included to help you envision the full potential of each space.
