Description

Located on a paved road in a fast-growing pocket of Lehigh Acres, 1122 Croquet St E offers a prime opportunity to build exactly what you want, exactly how you want it. This mostly cleared homesite is one of three buildable lots in a row, alongside 1118 and 1120 Croquet St E—creating a unique chance for builders, investors, or future homeowners to secure multiple parcels in one location. With new construction happening throughout the area, this lot is perfectly positioned for those looking to take advantage of Lehigh Acres' continued growth while still enjoying space and flexibility. The mostly cleared condition gives you a valuable head start, helping reduce prep time and costs as you move toward construction. Looking for multi-generational living? This setup is ideal. Purchase one lot for your primary home and secure the neighboring parcels for extended family, creating a close-knit living environment while still maintaining privacy and independence. We've also made the process easier for you. Our established relationships with a trusted local builder and experienced lender allow for a smooth, start-to-finish experience. Ask how you can bundle the purchase of the lot and the construction of your new home into one convenient loan, simplifying the path from vacant land to completed home. Whether you're planning to build on one lot or capitalize on the rare opportunity to purchase all three side-by-side properties, 1122 Croquet St E is a smart move in today's market.
