Description

41 acres prime agricultural land cleared and ready to farm. There is a power pole that runs up to the property line for easy access to connect power, GPS will not take you to its location. This parcel is part of the established Gerber Groves Water Control District, providing essential irrigation and drainage infrastructure already in place, a major advantage for agricultural operations. Zoned for agricultural use, the property offers endless possibilities - from citrus, vegetables, and specialty crops to livestock, ranching or a secluded homestead. The surrounding area is a well-known farming community with nearby packing houses, agricultural operations and rural residences.
