Description

Step into a beautifully reimagined three-bedroom sanctuary, where every detail has been meticulously renovated to create the ultimate coastal retreat. As one of the largest end-unit models in the community, this home features a stunning open interior highlighted by chic shiplap wall designs, a sophisticated color palette, and brand-new flooring throughout. The chef-inspired kitchen is a showstopper, boasting upscale LG appliances and high-end finishes with granite countertops that blend style with function. Well thought out storage abounds, with a utility room and pantry, and modern bathrooms with contemporary quartz countertops continue the classic design. Beyond the aesthetic upgrades, this home offers total peace of mind with a recently replaced roof, a detached garage, and impressively low HOA fees. The vibrant community lifestyle includes a clubhouse, fitness center, and a heated pool with an active social calendar. However, the true crown jewel is the view: from your private lanai—now enhanced with exterior sliding windows—you can enjoy a glass of wine while overlooking the community's most spectacular vista of the lake and bridge. Perfectly positioned in South Fort Myers, you’re just minutes from Fort Myers Beach and Sanibel Island, with Target and Publix just a short stroll away. BRING BACK UP OFFERS!!!!
