Description

Your pool-day plans just became a lot more convenient! This meticulously maintained 4-bedroom plus den, 3-bath Florida pool home combines spacious living, thoughtful upgrades, and a backyard that may cause you to cancel a few outings. A circular paver driveway with lots of space to fit all your guests vehicles, attractive landscaping, and screened front entry deliver welcoming curb appeal. Inside, high ceilings, tile flooring, and an open layout create bright, inviting living spaces. French doors open to a versatile den—perfect for a home office, hobby room, or finally organizing that paperwork you've been "getting to." The kitchen features granite countertops, 42-inch cabinets, stainless steel appliances, reverse osmosis, and best of all there is tons of room for those guests to offer cooking advice without actually helping. A sunny breakfast nook offers pool views, making even Monday morning coffee feel a little more like vacation. Plantation shutters accent the front windows, while generous closet space and laundry room cabinets keep everyday essentials organized. Outside, enjoy a heated saltwater pool and expansive screened paver lanai with room for lounging, dining, and firing up the outdoor grill. Your toughest weekend decision might be burgers first or pool first. The privacy-fenced backyard and storage shed provide space for outdoor essentials—because pool floats deserve a home, too. Additional features include accordion hurricane shutters, electric shutters at the rear and on the garage, gutters around the home, a Ring system, a sliding-door blind, and an epoxy-

coated garage floor with additional storage. Best of all this home is in the center of Cape Coral so it's close to everything you can imagine. So bring your swimsuit and your wish list—this inviting home is ready to impress. Schedule your private showing today!
