Description

This prime lot is for sale along with its counterpart next door (both must be purchased to build one home) and can be used to build a beautiful new home for your family! It needs to be cleared, but the back side of lot is full of a beautiful pine forest which could be outside your windows with beauty and privacy and seclusion all just minutes from 41 and Del Prado. This land could work for anyone who wants easy access to Cape Coral, Punta Gorda or Fort Myers as the location is near all of these and any and all all necessities but feeling like country! If that's what your looking for, here is where you want to be! All of this and NOT IN A FLOOD ZONE!
