Description

One or more photo(s) has been virtually staged, AI generated or rendered. Seagate Development Group presents the Meadowbrook home design in Opus Stone, Seagate’s newest gated community in Naples, Florida. The photos featured withe this listing are renderings of the home. This is a proposed, to-be-built Meadowbrook residence situated on homesite 47 in Opus Stone. Thoughtfully designed by RG Designs, this exceptional home showcases elegant coastal transitional architecture and a spacious open-concept layout ideal for today’s luxury living. A furnished model of the Meadowbrook floor plan is available to view by private appointment. The Meadowbrook plan is designed to blend timeless architecture with light-filled living spaces, expansive gallery walls, and seamless indoor-outdoor living. The thoughtfully curated floor plan emphasizes clean lines, refined craftsmanship, and an elegant neutral design aesthetic that allows homeowners to personalize finishes and furnishings to their own style. Planned design elements include wide-plank wood flooring, shaker-style interior doors, generous baseboards, and carefully detailed architectural features throughout. The kitchen and main living areas are designed as the heart of the home, ideal for entertaining while maintaining a relaxed coastal ambiance. Located within Opus Stone, residents enjoy a private gated setting while remaining close to everything Naples has to offer. World-class shopping, dining, and entertainment are just minutes away, along with the renowned Gulf beaches known for their natural beauty and relaxation.

For golf enthusiasts, premier private clubs including Olde Florida Golf Club and Calusa Pines Golf Club are within a short drive. Seagate Development Group offers a curated collection of luxury estate floor plans and a fully integrated building experience. Seagate’s portfolio of companies specializes in custom homes, renovations, interior design, estate management, and land development—delivering exceptional craftsmanship and concierge-level service at every stage of the process.
